Panic Button

TOTAL CONTROL is TOTAL PROTECTION

These compact and elegant wireless detectors are based on ground breaking UHF technology and combine several field-proven advanced technologies.

- 1 CAMERA/DETECTOR
- 2 REMOTE CONTROL
- 3 APP
- 4 CURTAIN DETECTOR
- 5 DISCRETE DOOR CONTACT
- 6 GLASS BREAK
- 7 SMOKE DETECTOR

ONE WIRELESS SOLUTION WITH MULTIPLE BENEFITS

Digital Services

Android
and Apple App

Your App

Your App enables you to;

Arm, disarm and part-arm from anywhere in the world.

Request video burst from any or all cameras any time, real time.

Video clip and email alert on activation.

And lots more...

Live Operator Monitoring Services

Ease the pressure on yourself by having our skilled 24 hour monitoring station take the strain of an activation and a potential threat to you, your family and your property.

On activation, if we do not receive your password from you, we can audibly and visually (if cameras installed) check your property and then take the appropriate action required.

More monitoring information available on request.

Have us install the latest wireless security and camera system in your home or business - NOW!
